We are looking at offering a summer PE class for students in high school next year to earn a credit towards graduation OR just to have something to do OR for students in junior high as an enrichment class. We are gauging interest to see who would be interested in doing this class. If you are interested in earning a credit, there would be some in - person activities you would be responsible for in attending class, but most of the class would be documentation of exercise throughout the summer. Please check your email for the link to the Google Form. The survey must be completed by June 10th.

Students: Chromebooks and accessories will be returned during your 1st period class on June 10th. A completed chromebook and accessories package includes the following: Chromebook, Charger, and Carrying Case

Please make sure that you have turned in all of the package or you will be charged up to \$300 for what's missing. For those of you who have a hotspot, your hot spot is due to Kari no later than June 10th. Failure to turn it in will result in you being charged for the hot spot.

We will also be checking the condition of the chromebook. If there is damage to your chromebook, you will be charged for either replacement or cost to fix it. If you are checking out of school before the dates listed, it is your responsibility to turn in your chromebook and accessories to the front office.

Check out the board in the main hallway for other job opportunities this summer.

The last day of After School Tutoring is today with Mrs. Wyatt on Google Meets.
