**2019-2020 Budget Message
From
Steve Perkins, Superintendent**

The Oregon State Legislature has not adopted an education budget for the 2019-2021 biennium at this time. The Ways and Means Committee recommended \$8.8715 billion for this upcoming biennium and the Governor had \$8.95 billion for her budget. We are preparing this budget with the Ways and Means Committee's recommendation of \$8.8715 billion. This biennium's budget will be a 49/51 percent split. This biennium's funding level is a result of the economic growth in the state of Oregon, and a steady student enrollment over the last couple of years. In addition to the increased level of revenue in the state school fund this biennium, the district will again be receiving approximately \$400 per high school student for Ballot Measure 98. Measure 98 monies must be spent on three areas: 1) career and technical education programs, 2) college-level educational opportunities for students, 3) dropout-prevention strategies. These Measure 98 funds have been added to the 200 (special revenues) area budget. We would like to hire a .4 academic/college prep counselor with these Measure 98 funds. This budget is being prepared with an estimated student enrollment of 220 in our district for the 2019-2020 school year. The current enrollment in the district is right at 221. The 2018-2019 budget was prepared with an enrollment of 225 students in the district.

That being said, we have been able to develop and present a balanced budget for the 2019-2020 school year. We will fund all current positions and programs at the current level. We will be able to purchase the necessary teaching materials and supplies needed to maintain current programs and services. We will also be able to maintain the buildings and grounds as needed. This budget includes a contingency amount of \$463,839, \$100,000 transfer to Food Service and a \$20,000 to bus replacement. This budget also includes the estimated expenses and grant money for our High School Seismic Project. We will maintain a full school year and still be able to provide professional development for district staff members. This budget is prepared with a minimal increase for licensed and classified staff. Our lower grades in the district continue to stay stable with a small increase. We are estimating another Kindergarten class of 20-24 students in the 2019-2020 school year. That will be four successive years of over 20 students in the kinder class. This growth will ensure continued stable state school fund revenue for this biennium.

This biennium's increase in the state school fund allows us to sustain what we have and continue to provide an outstanding education in the Port Orford-Langlois 2CJ School District. We will continue to be a strong and resourceful district that provides comprehensive and rigorous programs for our students.

"One Team, One Goal, No Limits"

BUDGET OVERVIEW

BUDGET OVERVIEW

School Districts and Education Service Districts in Oregon use the program Budgeting and Accounting Manual established by the Oregon Department of Education. The revenues and expenditures are account for in separate units called Funds. Each fund is a self-balancing set of accounts that shows its assets, liabilities, reserves, fund balances, revenues and expenditures.

General Fund - 100

The General Fund is the general operation of the School District, except those required to be recorded in other funds. The majority of the revenue in the current fiscal year is represented by local taxes, state revenue and available beginning net working capital.

Special Revenue Fund – 200

The Special Revenue Fund account is for various restricted used grants from the federal government and specific purpose projects. Included in this fund are Title 1, IDEA (special education), Food Service, Student body Funds, Bus Replacement and other grants and contracts that are outlined in the Summary of Special Revenue Fund.

Capital Projects Fund - 400

The Capital Projects Funds account for financial resources used to acquire or construct major capital facilities. The projects included are the seismic retrofit (FY 16-17 and 17-18, and FY 19-20) and boiler replacement (FY 2018-19).

Function describe the type of activity that is carried out. They provide program and service area information. These are broken out into 7 major functions.

1000 Instruction

Activities dealing directly with the teaching of students, or the interaction between teacher and students.

2000 Supporting Services

Services which provide administrative, technical, personal (such as guidance and health), and logistical support to facilitate and enhance instruction.

3000 Enterprise and Community Services

Activities which provide services to or interaction with the greater community and are indirectly related to the education of pupils.

4000 Facilities Acquisition and Construction

Activities concerned with the acquisition of land and buildings or major renovation and repair.

5000 Debt Service and Transfers

Activities that service the debt of the District and transfers from one fund to another fund within the district.

6000 Contingency

Expenditures which cannot be foreseen and planned in the budget process which can only be expended by Board resolution.

7000 Unappropriated Ending Fund Balance

An estimate of funds needed to maintain operations of the school district from July 1 of the ensuing fiscal year and the time when sufficient new revenues become available to meet cash flow needs of the fund. No expenditure shall be made from the unappropriated ending fund balance in the year in which it is budgeted.

Expenditures are also divided into specific categories to define the service or commodity bought. These categories are also divided into objects for more detailed accounting.

- 100 Salaries** – The gross salaried amounts paid to employees of the District who are considered to be in positions of a permanent nature or hired temporarily, including personnel substituting for those in permanent positions.
- 200 Employee Benefits** – Amounts paid by the District on behalf of employees. Such payments include group health insurance, contributions to employee retirement, social security, workers compensation, and unemployment insurance.
- 300 Purchased Services** – Amounts paid for personal services rendered by personnel who are not on the payroll of the District, and other services which the District may purchase, with the primary reason for the purchase is the service provided.
- 400 Supplies and Materials** – Amounts paid for material items of an expendable nature that are consumed, worn out, or deteriorated by use; or items that lose their identity through fabrication or incorporation into different or more complex units or substances.
- 500 Capital Outlay** – Expenditures for the acquisition of fixed assets or additions to fixed assets. They are expenditures for land or existing buildings; improvement of grounds; construction of buildings, additions to buildings; remodeling of buildings; initial equipment; additional equipment; and replacement of equipment.
- 600 Other Objects** – Amounts paid for goods and services not otherwise classified above. This includes expenditures for the retirement of debt, the payment of interest on debt, and the payment of dues and fees.
- 700 Transfers** – This object does not represent a purchase; rather it is used as an accounting entity to show that funds have been handled without having goods and services rendered in return. Included here are transactions for interchanging money from one fund to the other and for transmitting flow through funds to the recipient.

STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING **

The budget was developed on a State Funding level of \$8,871 billion designated to K-12 education for the 2019-20 biennium, which required the use of cash reserves. Any funding less than \$8,871 billion will require appropriation reductions for programs and services to students in the Port Oxford-Langlois School District. If reductions are required, the Superintendent in conjunction with the Port Oxford-Langlois School District Board of Directors will determine those appropriations that will have the least impact on students. In addition, if the funding level is increased, the same process will be followed to allocate the additional funds to support K-12 education in the Port Oxford-Langlois School District.
